

## IF YOU USE CONSTRUCTION SERVICES IN NEW YORK, YOU NEED TO KNOW ABOUT US

### JOIN THE GREATER NEW YORK CONSTRUCTION USER COUNCIL

Join New York's premier organization of public/private institutional owners and construction users for networking opportunities, education, development and sharing of best industry practices, and much more.

As a member, you will be a part of a diverse network including **Columbia University, The Port Authority of New York & New Jersey, Jack Resnick & Sons, Gotham Organization, Metro-North Railroad, Rudin Management, TF Cornerstone, Weill Cornell, Gilbane Inc., Silverstein Properties**, and many more.

### OUR MISSION

The Greater New York Construction User Council (GNYCUC) supports the practical needs of its members by providing a thorough understanding of construction policy, techniques, and management and promoting best practices throughout the industry.

#### ***Our Goals***

- To promote cost-effective and safe construction;
- To encourage a high level professionalism in Project Managers;
- To provide a forum to discuss issues and policies affecting the construction industry;
- To educate construction users on new technologies and initiatives in sustainable construction.

### MEMBERSHIP BENEFITS

GNYCUC membership is on a corporate – rather than individual – basis, allowing for broad participation for all of your company's employees. When your team joins GNYCUC as an Owner or Associate Member, your membership benefits include:

#### ***Networking Opportunities***

- Develop relationships with New York City's leading public and private real estate professionals, contractors, architects, engineers and service providers
- A network of "virtual colleagues" to provide important insight, advice, and business development opportunities

#### ***Informational Roundtables***

- Two complimentary tickets to each of up to eight information roundtables on timely topics such as:
  - Construction finance and budgeting
  - Safety and security
  - Legislative activity and capital spending
  - Technology and information services
  - Sustainable construction
  - Labor-management initiatives

#### ***Annual Project Awards Reception***

- Two complimentary tickets to the annual Chairperson's Cocktail Reception, which honors outstanding Owner and Contractor team from recent New York City construction projects

#### ***Annual Safety Awards Conference***

- Participate in the Safety Awards Conference, produced annually in partnership with the Building Trades Employers' Association
